Thank you for writing to me. We are very busy getting ready for the race. We have to ship out thousands of pounds of food and equipment to the different checkpoints on the race, and it takes a long time to get everything ready. There are lots of pictures on our website. I think it would be fun if you looked at all the dogs and picked your favorite.

I hope that Karin wins b/c she is the best out of all of them that I picked. And I believe that you can do this race. The reason why I picked you is because you are better then the ones that I picked after you keep it up. You have good dogs that will help you through the nights and day that you would need them and you would take care of them. I think that you could do this everybody in my class believes in you it would be nice to send me some pictures about you and your dogs I think that would be cool to see.
