

Celeste Elementary School Music Director Keeps the Beat Going!

For over 20 years, Marcia Fielden, Celeste Elementary music director, has been instilling a love for music and entertainment into the children of Celeste. Families and friends of Celeste elementary students have been entertained and amused by the many musicals that have been presented over the years, and this year has been no exception. Marcia has directed five major musicals that featured grades 1st through 5th during this school year. The latest musical, *Dinostars* written by John Jacobson, was performed by the 1st grade class on Tuesday, May 19, 2009. Marcia also does a wonderful job creating the fun props for the sets. Celeste parents and family members are fortunate to have such a dedicated, hard-working music teacher as Marcia Fielden. The Celeste community will look forward with anticipation to the upcoming musicals for the 2009-2010 school year! Check the Celeste ISD website, www.celesteisd.org, for photos from all the musicals.
