

Celeste High School's Spanish Club goes on San Antonio Adventure

The Celeste High School's Spanish Club has had a dream of visiting San Antonio for 2 years and this past weekend that dream came true. The students, under the leadership of Señora Kaywanda Lamb, sold candy and held car washes to raise the funds. "It's just so nice to see them reach their goal after working two years for it in the classroom and outside the classroom," said Kaywanda Lamb. Ms. Lamb says the students had to have a 90 average to enter the club and maintain an 80 average in order to go on the trip. She took 17 students and 3 chaperones in addition to herself. By forming the club, Ms. Lamb hopes to promote and improve cultural awareness in Celeste and encourage other students in the community to learn Spanish.

Some of the interesting places the students visited while in San Antonio include The San Antonio Museum of Art, The Institute of Texas Cultures, The Alamo, The IMAX Theatre, Six Flags Fiesta Texas, The River Center Mall, Market Square and the Riverwalk itself. The students also enjoyed a moonlit tour of the San Antonio River on a late evening river tour around the Riverwalk. The students hope to return to San Antonio next year to see what else the city has to offer. The Spanish Club would like to thank their chaperones Dana Clark, Mark Harrison, and Margot Cairns for their support and participation.
