

# CES Christmas Play –A Town Smash Hit

By: Nancy Longino

Music Director, Mrs. Marcia Fielden once again performed her miracles in turning energetic small children into performance artists. A successful and entertaining Christmas play at Celeste Elementary School was enjoyed Tuesday morning and evening by a full house. The cast and crew performed the play “I Need a Christmas Vacation”, written by John Jacobson and Mac Huff and is based on a group of children snowbound at their school for the length of the holiday season, and how well they cope with the situation. From holiday shopping on-line, to cooking the holiday meal in the chemistry lab, this production proved it could deliver loads of laughter and warmth to the audience, as well as reinforcing the real message of the holiday season in every tradition.
