

TEA awards EXEMPLARY rating to CELESTE ISD.

"Educating for Tomorrow" remains a driving force for excellence at Celeste ISD. Continued hard work and dedication have yielded much success. The Texas Education Agency recently released the district and campus accountability ratings. Celeste ISD was awarded "Exemplary", the state's highest rating. Less than 10% of Texas Public School Districts, including charter schools, earned this rating. Celeste Elementary School and Celeste Junior High School were among only 26% of all campuses that earned the TEA's highest campus mark of "Exemplary", with Celeste High School being among 33% of all campuses to be "Recognized", the second highest achievement. Please celebrate these ratings by congratulating the teachers and students of Celeste ISD. Superintendent Collin Clark said, "As the "Exemplary" rating suggests, Celeste ISD has some of the best teachers, outstanding students, and supportive parents in the state."
